Carole and Leisa will be happy to answer all your questions.

Rami is an Australian who has immersed himself in the study and practice of yoga philosophy for 30 years. He is a engaging and colourful speaker who delighted the yoga students who attended his talks in the last few years. He is an invaluable link between the traditional yoga knowledge and its application to the modern world. We are lucky that Rami accepted our invitation to come and teach us again in May 2010.
